

Our **JOLF Club** will provide **children and their families** access and opportunities to play golf.

We will do this by delivering **enjoyable, engaging and appropriate experiences** in schools, the community and at golf clubs.

Our approach to playing and learning golf is driven by **JOLFology** guiding principles developed through our ongoing experiences, research and critical review.

**Become a JOLF Club member and your family will have access to amazing benefits, that include:**
